Professional Summary

- 15+ years of academic experience, including 4+ years of post-Ph.D. experience in Computer Science
- Demonstrated ability to deliver effective teaching at UG and PG level.
- Published 34 peer-reviewed international research papers in reputed journals and conferences
- Received two Best Paper Awards for outstanding contributions at international conferences
- Recognized Ph.D. Supervisor, currently guiding one Ph.D. scholar at SASTRA Deemed University
- Experience in submitting research and modernization (R&M) proposals
- Member: Board of Studies - M.Sc. Computer Science
- Served as a member of Timetable Committee
- Technical Committee Chair, ICSCIT 2024 – Led peer review and technical planning.
- Faculty Incharge: Internet of Things (IoT) Laboratory
- Question paper setter for End Semester Examinations
- Invited Reviewer of top-notch Journals: IEEE Access, IEEE transaction on image processing, ACM

Specialization

Internet of Things, Image Processing, Web Technologies

Research Interests

Internet of Things, Image Processing, Artificial Intelligence

- To develop a real time monitoring system using edge computing techniques
- To construct secret shares using Visual Cryptography techniques for secure image communication
- To develop medical image diagnosis system using Explainable AI (XAI) techniques

Education	Ph.D. Computer Science and Engineering	April 2021
	School of Computing, SASTRA Deemed University, Thanjavur, India Thesis Title: An Intelligent Secret Image Sharing Scheme using Visual Cryptography	
	Master of Computer Applications (3 Years)	May 2009
	Department of Computer Science and Engineering Alagappa University, (Category – I University), Karaikudi, Tamil Nadu, India	
	Bachelor of Science in Physics (3 Years)	May 2006
	Sree Sevugan Annamalai College, Department of Physics, Devakottai. Alagappa University, Karaikudi, Tamil Nadu, India	
Professional Experience	Assistant Professor II Scale II	August 2022 – Present
	Department of Computer Science and Engineering SASTRA Deemed University, Kumbakonam	
	Assistant Professor II	April 2018 – July 2022
	Department of Computer Science and Engineering SASTRA Deemed University, Kumbakonam	
	Assistant Professor I	June 2010 – March 2018
	Department of Computer Science and Engineering SASTRA Deemed University, Kumbakonam	

Teaching, Mentoring and Advising

Courses Taught

- Internet of Things
- Python Programming
- Open Source Technologies
- Image Processing
- Artificial Intelligence
- LINUX Programming
- Web Technologies
- Ecommerce
- Multimedia
- C Programming
- Basics of Computing
- Cloud Computing

Laboratory and Lab Material Developed

- Internet of Things Laboratory – Established under Research and Modernization fund
- Web Technologies Laboratory
- Open Source Technologies Laboratory

Curriculum development

- Image Processing and its applications
- Linux Programming
- Web Technologies
- Internet of Things

Student Mentoring and Advising

Ph.D. Supervision: 1

Research Topic : An Interpretable Lung Disease Diagnosis System Using Explainable AI (XAI)

Status : Since 2024 - Ongoing

B.Tech CSE & M.Sc. Computer Science

- Advised about 30 undergraduate students each semester at SASTRA Deemed University
- Guided 30 UG/PG project students over 15 years of teaching.
 - M.C.A (Main Project) / M.C.A (Mini Project)
 - M.Sc. CS Main Project
 - B.Tech, (CSE) Mini and Main Projects

Funded Project/Consultancy Granted/Applied

Internal Funding:

Title	Establishment of IoT-Embedded & Signal Processing Architectures Laboratory (IoT-ESPA)			
Year	June 2022			
Agency	SASTRA Deemed University (Internal Funding)			
Position	Type	Grant (Lakhs)	Status	Remarks
Co-Investigator	Research & Modernization	Rs. 22,98,120/-	Submitted	A common R&M fund released to School of Computing and shared by other schools
